TCB/SD-10/2018/

03:51

3/08/2018

**NOTIFICATION:**

This is to inform all Tour Operators that TCB has been using New Tashel Online System since June 2017 simultaneously with the Old System. Even though we were supposed to completely close down the old system by June 2018, due to some tour operators having their bookings in the old system, we could not close the system as it may cause inconvenience to them. We request those tour operators who did not migrate to new system to kindly adjust your advances or outstanding and close your accounts in old system at the soonest.

For your kind information we are not accepting anymore visa application in the old system and we will be closing down the system by **31<sup>st</sup> December 2018**. Therefore, all are requested to take necessary action to avoid unnecessary complications later on.
